19th International Reid Bioanalytical Forum

4-7 July 2011 University of Surrey, Guildford, United Kingdom

Sessions will cover the usual eclectic mix of new technologies, method development and validation together with regulatory aspects (e.g. metabolites in safety testing) and emerging trends in bioanalysis (e.g. microsampling).

There will be a single stream of oral presentations given by lecturers from the industry, instrument manufacturers and academics, supported by poster presentations and exhibitions from contract research organisations and instrument vendors.

Please put these dates in your diary and if you would like to contribute in any way please contact the following.

Program

If you want to offer a poster or oral presentation contact Howard Hill by email with a title for consideration by the scientific committee (hillh@ukorg.huntingdon.com)

Exhibition

If you would like to exhibit at the meeting details can be obtained from Ian Wilson (ian.wilson@astrazeneca.com)

Sponsorship

A range of things are available for sponsorship at the meeting via John Lough (john.lough@sunderland.ac.uk)
